CAMP TOPICS FOR 2010!

MYSTERY OF THE PHARAOH'S TREASURE

Journey to the land of the pharaohs to solve a mystery and unearth two long-forgotten treasures! Decipher hieroglyphics, investigate the secret of the sands, use astronomy to predict the burial site of a mummy, and take home a share of the gold. Full-Day campers will become geologists and build a take home rock collection as they solve the riddle of the Sphinx and reveal a crystal treasure. Take a step back in time to unravel this mysterious Egyptian adventure!

GO WILD!

Leap into the wild on an awesome adventure to investigate extreme plants and amazing animals. Build a nature kit complete with binoculars, bug cage and telescope. Meet live animals face-to-face during our amazing Animal Encounter! Stay a full day to take part in the Animal Olympics, make glowing fire flies, sticky octopus arms and more. Get ready to explore the world outside your door—it's time to Go Wild!

SPACE AND ROCKETRY 2010

Get pumped up for some space exploration! Build a brand new, state of the art hydro-rocket. Using the power of air pressure and water, launch your very own rocket over 100 feet into the air. Then take a trip around the universe by building a light-up solar system and a model of your galactic address. Stay a full day and get loony about the moon. Build your own motorized K'Nex motorized Lunar Rover and make craters with marble meteorites!

GIZMO'S ROBOT FACTORY

Investigate what makes a robot tick as we take a robot's-eye view in 3-D, listen with electronic ears, and prepare to compete in the Robo-Olympics. Build a giant walking motorized K'Nex robot! Stay all day and build a robot model with 5 robot technologies, create a crazy invention, and discover how robots are changing the face of our world. Power up for fun and discover the secret lives of these extreme machines!
